# Mandarin Oriental Hotel Group

We are committed to the continuous improvement and protection of the environment for our guests, our colleagues and the community.

Our goal is to minimize adverse effects on the environment while providing a high level of service and comfort. We anticipate any changes in environmental priorities and take positive action.

# Engineering

# Recycle Cardboard

- Marathon Hy/Press Hydraulic-Electric power Recycler Unit produces 850 to 1,150 pounds of corrugated bales of cardboard. Savings of \$45 to \$50 per week.

# Trash Compactor

- Compactor processes twice the amount of trash, which can be kept for a much longer period of time.

# Chillers

- Lagoon water is recycled, one time only, into the chillers. This method prevents the use of an additional cooling tank and is more user friendly.

# Bathroom

- All toilets have a one and a half gallon flush ratio.
- Showers are 2.5 gpm which meets with Hawaii State water conservation guidelines.
- Chillers heat water.
- Engineers use water based paint.

# Stewarding & Purchasing

# RecycleBins

- Green container is used for newspaper.
- Blue container is used for white paper trash.
- Yellow container is used for glass bottles or broken glassware.
- Gray container is used for aluminum cans.

# Wet Waste

- Wet garbage is collected from all outlets once a day.
- Stored in walk-in refrigerator.
- Picked up by Eco Feed every day or more often during busy periods.
- Wet garbage is converted into Biogas, soil amendment and liquid fertilizer.

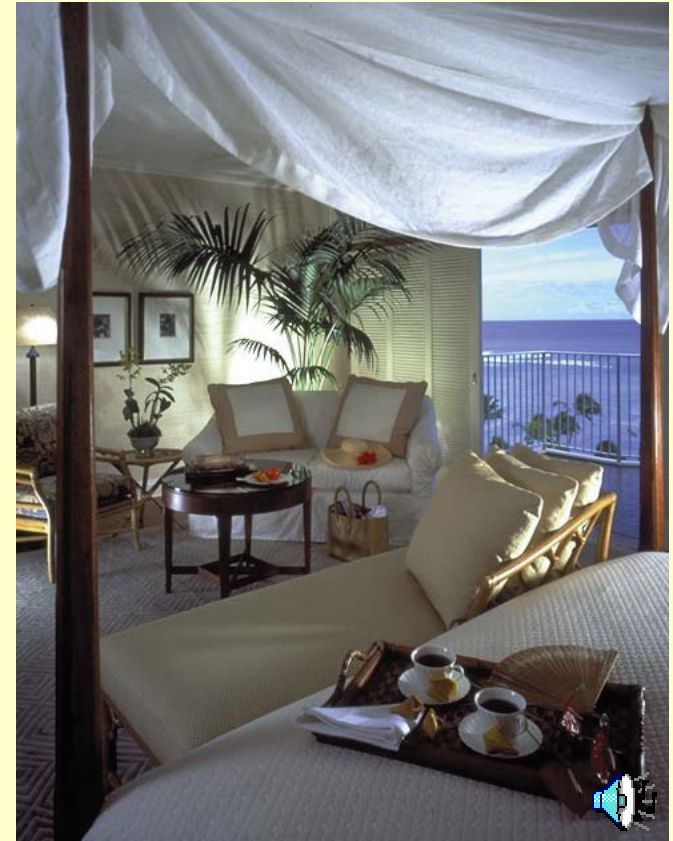

# Purchasing

- Products made from recycled material i.e. stationary, office papers.
- Local suppliers support local businesses & farmers whenever possible.
- Delivery in re-useable or recyclable containers.

# Rooms

- Guest room furniture
- Guest laundry bags
- Amenities
- Stationary
- Shopping Bags
- Newspaper

# Projects

- Increase Employee Awareness
- Adopt-A-Park (Waialae Beach Park)
- Departmental Projects
- Make A Difference Day
- Get the Drift & Bag It
- Tour de Trash
- Green Business Certification

# What employees can do:

- Get informed about environmental policies in your community
- Reuse & recycle paper
- Do not waste supplies & energy
- Use alternative transportation  
i.e. bicycle, bus or car pool
- Participate in environmental projects & events
- Always act environmentally conscious

**Thank you!**
